Why We Do What We Do

The Dynamo Soccer Club Travel program strives to create quality people, to create quality players, and to win matches without compromising our character and ideals.

As with any developmental process, players develop over long periods of time, through hard work, effective training and dedication to personal improvement. The program places the most emphasis on training, where coaches have the best opportunity to teach players. During games, our coaches reinforce training themes and goals and instruct players at key moments and within individually oriented environments. Gone are the days of yelling from the sidelines. Our players are the players of the sidelines. Our players are the days of yelling from the sidelines. Our players are the days of yelling from the sidelines. Dynamo Travel Coaches

Dynamo Soccer Club has an extensive professional coaching staff. Many have played collegiately, coached collegiately, and some have played professionally. Dynamo prides itself on having a diverse and experienced staff that is licensed and qualified in the latest youth development techniques.

The coaching staff works from a curriculum delivered at the grass-roots level by the Director of Coaching. Dynamo is developing players through a consistent soccer environment where players can learn and thrive.

There are three primary objectives in our player development structure:

- 1. To develop quality people who exhibit examples of leadership, responsibility, honesty, acountability and sportsmanship
- 2. To develop quality players that demonstrate clean technique and skills, quick and creative decisions, and an understanding of the game of soccer.
- 3. To win in all areas of life, without sacrificing or ignoring the first two objectives.

All of our coaches are placed in our program because they have an immense amount of soccer knowledge to give back to the children who participate in the game. Coaches are typically placed with teams for 2 seasons only and then teams are passed on to other coaches. Dynamo truly believes it "takes a village to raise a child". The Dynamo Travel staff works within our curriculum and club philosophy.
